

# STUDENT EXPECTATIONS

Please read these expectations, sign and return them to me with in one week of class starting.

I realize the following expectations are required of me in order to grow and become prepared for tougher classes and build towards the college/career level. I realize if I choose not to carry out these expectations: I could possibly fail or be removed from this class.

1. **Cell Phones:** When I enter the room I will power my cell phone off and put it into my backpack. If I am caught with it out in class, the phone will be taken and a parent will have to pick the phone up after school.

2. **This classroom is for learning:** As I enter the classroom, I will sit down and begin to review material that is presented to me in the form of a bell ringer. I will not for any reason (unless called by GRC to sign out) leave or ask to leave my class at the Clark Co. Area Tech. Center.

3. **Follow Safety Guidelines:** I will not horseplay in the classroom or lab. I will not bring food or drinks into the classroom or lab.

4. **Have all Materials:** I will bring pencil/pen, paper, safety glasses, closed toe shoes and protective work clothes to class every day.

5. **Respect:** I will show respect to my instructor, peers, and myself at all times. I will not use any vulgar, foul, or obscene language at any time. Absolutely no talking while the teacher is talking.

6. **Protect the classroom:** I will take care of equipment that belongs to this classroom. I realize this classroom and lab are open for me to study and learn. It is my responsibility to see that it stays open.

7. **Open Mind:** I will not let fear of a new way to do something or information keeps me from trying.

8. **No Bell:** My instructor will dismiss the class, not the bell. I will not put my materials away until my instructor tells me to do so and I will not line up at the door.

9. **Bathroom:** I will have only 10 bathroom passes for the semester and I will follow the 10/10 rule.

By signing below I verify that I have read the syllabus/student expectations for automotive technology and understand all that is included.
